# SPECIFICATION

## Materials

The finest hardwoods, morticed and tenoned with traditional hand-made skill.

Heavy duty cill.

All timber from controlled sustainable sources.

## Finishes

Frames: white, other colours by arrangement, from the micro-porous (MVP) range.

Leaves: option of natural timber internally.

## Originality

Hand built, using original moulded profiles, as sample shown by our surveyor.

*Our unique draught control system, coupled with Building Regulations Part L approved double-glazing, make our Doors as proof as they possibly can be against cold and damp.*

## Performance

Traditional, time proven joinery.

Manufactured to British Standards B.S. 5589

*All our Doors are individually built up on the work bench, using the traditional crafts and methods of English joinery.*

## Weather Protection

3 coats white micro-porous paint, factory applied by airless spray.

*Pre-coating in the factory ensures a superb protective colour to your new Doors. Every touch-up simply adds to this.*

## Maintenance

Bi-annual inspection and touch up if necessary.

Re-coat with micro-porous paint as required.

*A quick re-coat (very easy with micro-porous covering) will make your Doors look like new. Which is only possible with a door made in hardwood.*

*It is so easy to keep your new Doors looking in perfect condition at all times.*

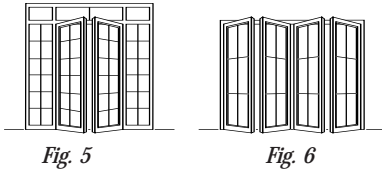

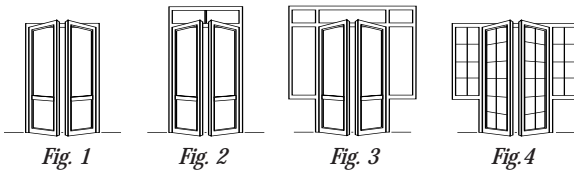

## Services

Consultation and advice over the phone, or by appointment.

Best Advice Report and fixed price Quotation.

Installation.

Individual Customer's specification stored on database (Total Quality Assurance).

*Figures show a selection of configurations and designs available. We will be happy to manufacture to your own, special, requirements.*

## Total Quality Assurance

BS EN ISO 9002  
(Successor to BS 5750).

## Insulation

Patented, vibration absorbent, warm edge, hermetically sealed double-glazing units, using safety glass.

Low profile "shadow" spacer bar, emitting minimal visual attention.

U value 2.0. Building Regulations Part L compliant  
Integral draught control.

## Design

To match house.

*You can draw on our surveyors' expertise in helping you select the correct period doors for your home.*

## Security

Integral five lever latch lock (to B.S.).

Five lever mortice dead lock (to B.S.).

Shoot bolt to top of each door leaf.

Shoot bolt to bottom of each door leaf.

## Supply

Hand made to order.

*Note: The Company's policy is one of continual improvement and refinement and the Company reserves the right to change specifications without notice. Final specification will be contained in the contract between the Company and the Customer which always takes precedence over this information sheet.*
